## Summary

Lifelong seeker of knowledge and design enthusiast with sights set on becoming a front-end web developer. Experienced in HTML5, CSS, Javascript, JQuery, Bootstrap, Materialize, responsive/mobile design, APIs, REST, Git/Github, CMS, and Adobe XD. Reputation as a creative and high-energy leader willing to take on challenges deemed too difficult by others. Superior understanding of web design and development process flow. Eager to make design come to life via code.

## Employment

**Arrow Electronics, Inside Sales Representative** (Feb 2018 – Feb 2019)

- Effectively communicated pain points in process flow, both customer facing and internally to director-level management
- Served as the voice of all Internal Sales Representatives in North America on a task force addressing complex systemic issues adversely affecting sales and distribution of power supply products

**GoldenbergLaw, PLLC, Marketing Director** (Nov 2015 – Sept 2017)

- Managed and implemented the \$100,000+ redesign of firm website while maintaining the existing website
- Established effective working relationships among all disciplines and stakeholders invested in the firm's website redesign.
- Planned, organized, and implemented all print and digital marketing and advertising campaigns
- Prepared effective monthly reports ensuring all projects were kept on task, on time, and within budget
- Designed all marketing and advertising materials, establishing a new brand identity for the firm
- Coordinated photo shoots with local photographers to reflect our rebranded image across all communication platforms

## Education

**University of Minnesota** (June 2019 - Present)

An intensive 24-week long boot camp dedicated to learning full-stack web development

**University of Minnesota** (Sept. 2007 - May 2011)

B.A. Political Science, B.A. Global Studies
